

Cottenham Community Centre Guidelines for Hire during COVID-19

These guidelines are supplemental to our standard [Lettings Regulations](#)¹.

Although legal restrictions have now been lifted, it is still possible to catch and spread COVID-19, even when fully vaccinated. [We must learn to live with COVID-19](#)² and to manage the associated risks to ourselves and others. These short guidelines are intended to remind hirers of the risk areas that may be relevant to their use of the Community Centre facilities.

We encourage all hirers to review and follow these guidelines, together with those issued by relevant governing bodies for your sport or activity, to help make the Community Centre as safe as is possible.

- 1. Avoid overcrowding.** Plan and manage the numbers attending your activity to allow everyone to have sufficient space.
- 2. Provide good ventilation.** Windows and/or doors should be opened to facilitate good ventilation commensurate with your activity and the numbers attending.

You will be responsible for ensuring that doors and accessible windows are all securely closed on leaving – unless we advise otherwise (generally windows and doors should remain open between same-day hires).

- 3. Room layout.** Consider the placing of furniture and users to maximise person-to-person spacing and minimise face-to-face situations.
- 4. Face Coverings.** Wearing of face coverings is recommended, especially when moving about in smaller/busier spaces or when more vulnerable persons may be present.
Hirers may choose whether or not to recommend or require face coverings during their activity.
- 5. Heavy-use touchpoints.** Consider cleaning heavy-use touchpoints (for example, door handles, switches/controls) and any surfaces likely to be used during your period of hire before and/or after your activity.
- 6. Attendance.** Anyone receiving a recent positive COVID-19 test result or showing recent or current symptoms should remain at home and NOT ENTER the Community Centre premises.
- 7. Records.** You may wish to keep a record of the name and contact details of those who attend your activity and, if required, provide these records to NHS Test and Trace.

We have the right to close the hired space if there are safety concerns relating to COVID-19, for example if a user develops symptoms and thorough cleansing is required. If this is necessary, we will do our best to inform you promptly and you will not be charged for any affected hire.
